TEACHING AND EVALUATION REGULATIONS

SPECIAL FEATURES

The special features of the University's academic set up include a favourable teacher student ratio (1:9); a flexible academic programme that encourages interdisciplinary courses and research. The assessment, including projects and examinations, is continuous and internal.

SEMESTER SYSTEM

The courses are organised on the semester pattern. The academic year consists of two semesters of 16 to 18 weeks each.

CONTINUOUS INTERNAL ASSESSMENT

The examination system of the University is designed to test systematically the student's progress in class, laboratory and fieldwork through continuous evaluation in place of the usual "make or mar" performance in a single examination. Students are given periodical tests, short quizzes, home assignments, seminars, tutorials, term papers in addition to the examination at the end of each semester. The final result in each course is calculated on the basis of this continuous assessment and performance in the end semester examination. The evaluation regulations are given below.

ATTENDANCE AND PROGRESS OF WORK

Students are required to attend at least 75% of the classes held in each course and at least 60% in the repeat course / subject and participate, to the satisfaction of the Department / School, in study seminars, sessions and practicals as may be prescribed. The progress of work of the research scholars and their attendance is regularly monitored by their supervisors/departments and the names of the defaulters are removed from the rolls. Absence from classes continuously for 10 days and more will make the student's name liable to be removed from the rolls of the University. Absence from the classes on medical reasons should be supported by a medical certificate from a qualified registered medical practitioner which has to be submitted soon after the recovery. However, no concession in the shortage of Attendance on the medical reasons will be granted to the students to allow them to write the semester-end-examinations.

EVALUATION REGULATIONS

1. The performance of each student enrolled in a course will be assessed at the end of each semester. The University introduced the Grading System of Evaluation from 2004-05 for all P.G., Advanced P.G./P.G.Diploma; M.Phil.; M.Tech. and 5-year Integrated PG courses. There will be 7 grades; A+, A, B+, B, C, D and F on 10 point scale with grade points 10, 9, 8, 7, 6, 5, 0 respectively.

The School of Management Studies adopted the following conversion formula :

Grade	Grade Points	Range of % of Marks
A+	10	90 - 100
A	9	80 - 89
B+	8	70 - 79
B	7	60 - 69
C	6	50 - 59
D	5	40 - 49
F	0	Less than 40

2. The final result in each course will be determined on the basis of continuous assessment and performance in the end of semester examination which will be in the ratio of 40:60 in case of theory papers and 60:40 in laboratory courses (practicals).
3. The mode of continuous assessment will be decided by the School Board concerned. The students will be given a minimum of three units of assessment per semester in each course from which the best two performances will be considered for the purpose of calculating the result of continuous assessment. The record of the continuous assessment in such a form as the School Board may decide will be maintained by the School/Department/Centre.
4. At the end of semester examination, the answer scripts will be evaluated and the grades scored by each student in each course taken by him/her will be communicated to the Head of the Department for onward transmission to the Office of the Controller of Examinations through the Dean concerned. Wherever required, the Dean and/or the Head of the Department along with the teacher concerned may moderate the evaluation.
- 5 (a) Students must obtain a minimum of 'D' grade in each course in order to pass in the Post Graduate, Post-Graduate diploma courses.
