**Biochemistry at Osmania :**

The Department of Biochemistry was instituted for the first time in state of Andhra Pradesh by Osmania University in 1963. Since then the department made rapid strides (over the past four decades) and is now a premier institution of higher learning. In view of its research and teaching, the Department obtained National recognition from University Grants Commission (COSIST Programme two phases 1985-1996), the Special Assistance Programme (DRS-SAP from 2001-2006) and Department of Science and Technology (FIST Programme from 2001-2006). The faculty of the Department is recognized internationally for conducting research in Molecular biology, Fungal biochemistry, Protein chemistry, Bioinorganic chemistry, Clinical biochemistry, Food toxicology, Molecular epidemiology and Signal transduction.

In keeping with the ethos of generating human resources endowed with appropriate skills to meet increasing demands for trained biochemists in National and International scenario, the Department is conducting National Workshop on "Radiochemistry and Application of Radioisotopes" from December 4<sup>th</sup> to 11<sup>th</sup>, 2006.

**Theme of the Workshop :**

The Indian Association of Nuclear Chemists and Allied Scientists, popularly known as IANCAS, has been organizing National Workshop on "Radiochemistry and Application of Radioisotopes" in different parts of the country for popularizing the usefulness of isotope Applications in Industry, Agriculture, Physical sciences and health care. This type of Workshops provides the right forum for mutual interaction among scientists working in different Universities, Industries and Institutes. Over the years it was found increased enthusiasm shown by participants in exchanging ideas during lectures and experiments. The experiments chosen for this workshop give Hands-on experience to the participants in using radioisotopes in the college/university laboratories. Now 61<sup>st</sup> workshop is going to be organized at Department of Biochemistry, Osmania University.

**Objectives :**

1. To create awareness among research and teaching community on the emerging trends in Radiation Biology.
2. To highlight the skill requirement and future prospective in the area of Radiation Biology to the budding research and teaching community.
3. To create a common platform across the scientific community to discuss the latest developments in the field of Radiation Biology.

**Tentative Speakers :**

1. Prof. P. Rama Rao, Chairman, BRNS, Bombay.
2. Dr. Jalraj, Chief Executive, NFC, Hyd.
3. Dr. S.F. D'Souza, Biotechnology Unit, BARC, Bombay.
4. Mrs. Meena Venkatesh, Head, Radio Pharmaceutical Division, BARC, Bombay.
5. Dr. K. Arun Shama, Head of Food Technology, BARC, Bombay.
6. Sri Amjan Chaki, Director, AMD, Hyd.

**Registration Details :**

The National Workshop is open to all Teachers and Researchers (50 members).

**Registration Fee :**

**Teachers :** One Member - Rs. 1,500/-  
(Includes Lunch and Hospitality with No Accommodation)

**Institution/College :**

P.G. College - Rs. 10,000/-  
U.G. College - Rs. 5,000/-  
(With Accommodation for one nominated Teacher and a Half page Advertisement of the in the Souvenir).

- ♦ Accommodation (Rs. 250/- per day) would be provided on first come-first served basis upon the payment.
- ♦ All payments are to be remitted as Demand Drafts drawn in Favor of the Head, Dept. of Biochemistry, Osmania University, Hyd - 07.
